

Chelmondiston Neighbourhood Development Plan Steering (Working) Group Terms of Reference

1. Background

For 7-8 years now the Government has been trying to persuade local governing bodies to create a Neighbourhood Planning document that would define how the local community would like to see developments managed in their area. Chelmondiston PC did consider this but the cost at that time was thought to be too high (particularly due to the need for a local referendum and formal inspection), and instead it was decided to create a Village Development Framework (VDF) document, which Babergh promised would be officially incorporated into the Planning documentation suite. In 2016 the VDF was completed, and 2017 was spent trying to get BDC to adopt the document, but this process has been delayed with no indication of when progress might be made. Given this lack of success the only option now available to give the community some control on developments in the Parish is to create a Neighbourhood Development Plan (NDP) for Chelmondiston & Pin Mill as quickly as possible. The data gathered for the VDF will be used as the basis for this NDP.

The Steering Group's purpose is to design, implement and oversee the Neighbourhood Development Plan process in order that this will then progress to Independent Examination and a successful community referendum, ultimately being adopted by Babergh District Council to become planning policy.
